

'Tis the season to keep your tree out of landfill!

Join us in composting your Christmas tree to create healthy soils.

General Guidelines for All Trees:

- Remove the tree stand.
- Remove all decorations: lights, ornaments, tinsel, etc.
- Plastic / flocked trees cannot be composted and must go in landfill.
- If you live in an apartment building, ask the landlord to set up one day for tree collection for the building.

Curbside Collection:

ZERØWASTEMARIN

Give the gift of great memories.

Physical items may end up in the landfill, but memories last a lifetime.

This holiday season, we encourage you to get creative with your gift-giving and think outside the box - literally. By gifting intentionally and focusing on giving experiences rather than “things”, you can help reduce what ultimately ends up in landfills.

For the crafter in your life:

- Look for local workshops to give as a gift. There are workshops on creating mini moss walls, watercolor painting, indigo dyeing, and more!
- Buy a class pack at a local art studio so your loved one can learn about pottery or painting!

For the lover of a good activity:

- Buy tickets to see their favorite sports team!
- Plan a day full of their favorite things to do: hiking, a visit to the beach, or going to their favorite restaurant.
- Buy concert tickets to see their favorite artist!
- Is your loved one a yogi or crossfit enthusiast? Buy them a class pack of their favorite workout.
- Enjoy one of the many museums the Bay Area has to offer by taking your loved one on a museum date or getting them a pass to go regularly!

For the foodie:

- Buy a cooking class for you and your loved one to attend together.
- Give your loved one a gift card to their favorite local café, bakery or restaurant!
- Book them a wine tasting at a local vineyard.

For the bookworm:

- Give them a gift card to their favorite local bookstore so they can pick out their next read.
- Gift an audiobook subscription!

If you need to gift a physical item:

- Visit a local craft fair to buy a handmade item from a local artisan - there are many craft fairs throughout the Bay Area during the holiday season!
- Visit a local small business in Marin - support the local economy while avoiding the waste that comes with shipping.
- Prioritize items that will last: if you are giving a physical item, try to consider items that will last a very long time.
- Try secondhand stores! There are great items to be found at secondhand stores that can be given new life as a gift to a loved one.
- If you're wrapping a physical gift - remember that wrapping paper is not recyclable or compostable. Opt for gift bags that can be used year after year, or use unlined Kraft paper and twine for natural wrapping that can be composted.
